TOP ADVENTURE TRIPS

Adventuregirl.com's Stefanie Michaels shares her picks for places that will get your adrenaline pumping

► CROATIA

"It's all about water here: scuba diving, wind-sailing and boating," says Michaels, adding that there are yacht and wine festivals during the summer. Plus, sea ferries make island hopping easy; Hvar, which Michaels calls "the party island," is her must-visit.

► MONTANA

This resort offers what Michaels calls "glamping" (i.e., luxury camping). "It's überchic tents without breaking the bank," she says, as package deals—which include horseback riding, cookouts and fly fishing—are offered at 60 percent discounts in July and August.

► COSTA RICA

Michaels says this country "is on sale right now," especially if you book a package deal. "You should trek through the Monteverde rain forest, which is one of the most biodiverse spots on Earth. You'll see unique plants and animal species and get a view of Arenal volcano."
